Crime Prevention Information from RAC

HMRC & iTunes Scam

Please be aware of a new trend that has hit the UK where fraudsters contact victims claiming to be from HM Revenue & Customs (HMRC) and trick them into paying bogus debts and taxes using iTunes gift cards.

Victims are being contacted and are told they owe an outstanding debt, the fraudsters then request the payment to be made in iTunes vouchers by providing the serial number and voucher code over the phone to the fraudsters.

Victims are being contacted in a number of ways including:

Voicemails: Fraudsters are leaving victims automated voicemails saying that they owe HMRC unpaid taxes. They are also told if they don't pay a warrant will be issued and they will be arrested.

Spoofed Calls: Fraudsters are cold calling victims and convincing them that they owe unpaid taxes to HMRC. Often the number the fraudsters call the victims on a 0300 number.

Text Messages: Fraudsters are sending text messages requesting that the victim must call them back on the number provided. Once the victim has called, they are again threatened with Police arrest unless they pay up.

This is a scam. The HMRC would never accept payment in iTunes vouchers.

Further information can be found at www.actionfraud.police.uk

Crime Prevention Information from RAC

Theft From Customers

Customers are often targeted for their personal belongings in store. For example customers who leave their handbags in shopping trolleys. Teams of up to 4 persons have been known to target elderly and vulnerable customers for their personal belongings. Shopping has also been stolen from car boots whilst customers return their trolleys. Keep your belongings safe particularly at busy shopping times.
