

# ANTI-SOCIAL BEHAVIOUR

## there's no excuse!

There is great concern on Deeside regarding the quality of life within our communities as a result of vandalism, underage drinking, disturbances, verbal and physical abuse, and littering, particularly in the towns of Aboyne, Banchory and Ballater.

Grampian Police are striving to deal with these problems in partnership with the Community, Aberdeenshire Council, the local Schools and local Licensees.

It is absolutely essential that parents also play their part in reinforcing to their children the impact that such inappropriate behaviour has on others within the community.

## the problems are caused by a relatively small minority of our youths

Parents, do YOU know

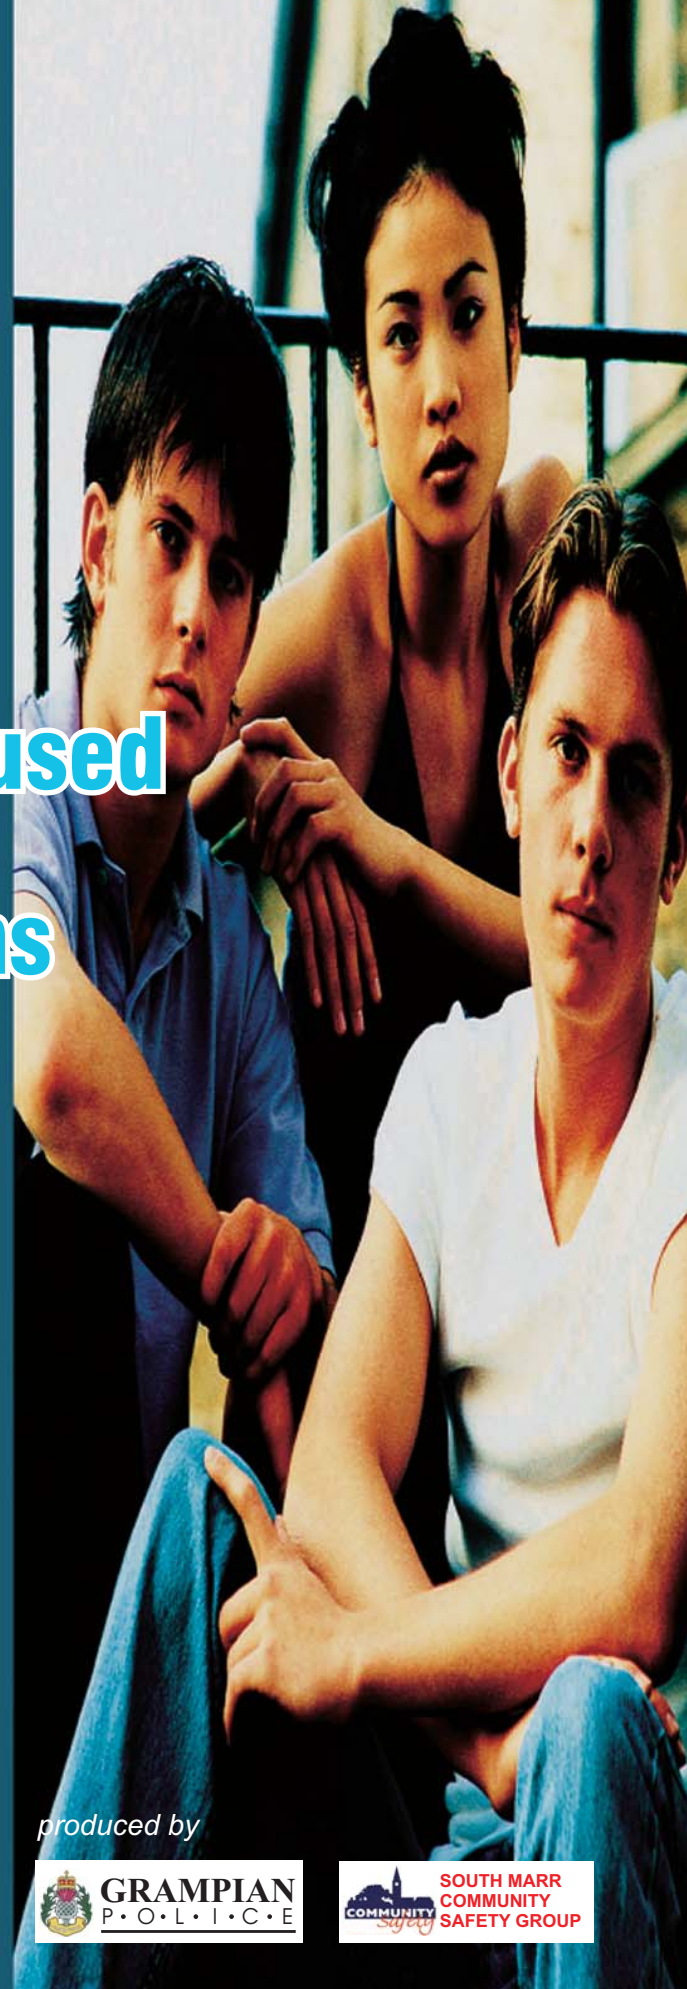

- where your child is?
- who they are with?
- what they have been doing?
- if they have been drinking?

They are YOUR responsibility and the usual explanation of "we're bored - there's nothing to do" is **NO EXCUSE FOR MAKING THE LIVES OF OTHERS A MISERY**. It is only with your cooperation that we can all hope to successfully tackle this issue.

If you wish to discuss any issues relating to the quality of life within the Deeside area, please call at your local Police office or contact Grampian Police on:
